

Selecting Test Dates for Spring of Junior Year 2009

Your High School CEEB Code Number is 3 9 1 6 4 8

Below are the dates for tests offered this spring. Normally, you should take the SAT I in the spring, along with your first set of ACTs and and SAT II's in any subject in which you will be completing your highest level course. Because the New SAT now includes a Writing Section, you will no longer need to—or be able to—take an SATII in Writing. All other SAT II tests will still be given. Many schools who require the SAT IIs will use the ACT as a substitute. You are also strongly encouraged to take the ACT Optional Writing Section if you take the ACT. Most schools require it.

It is your responsibility to determine if your colleges use the new Writing Section of the SAT I.
