**Harrisburg Academy Receives Donation of Professional Audio Visual Equipment**

WORMLEYSBURG, PA – Harrisburg Academy is pleased to extend a thank you to Scott Ciaccia, director of game entertainment for the Harrisburg Senators, for arranging a donation of audio and video equipment from the Harrisburg Senators and the Hershey Bears.

As the teams upgraded their corporate equipment, they chose to donate their pre-owned equipment — specifically, several video cameras and a live editing system — to the Academy to further video production education with students in 9<sup>th</sup> through 12<sup>th</sup> grade.

“Our digital media program will soon be able to produce multi-camera video recordings for student work,” said Richard Whitehead, Upper School teacher and freelance videographer for the Senators. “Additionally, we will now be able to produce higher quality Harrisburg Academy events for our archives.”

Established in 1784, Harrisburg Academy is the 17<sup>th</sup> oldest non-public school in the nation and Harrisburg’s only independent school. Our coed, diverse school community inspires students from age three through 12<sup>th</sup> grade by providing an academically challenging and globally minded liberal arts education focused on dynamic classroom experiences, strong student outcomes, and a commitment to character development. The Academy proudly stands as the first school in the greater Harrisburg area to offer the International Baccalaureate Diploma Program and merit scholarship.
