

Admission Office Events 2018-19

Harrisburg Academy is proud to offer an academically challenging and globally minded interdisciplinary education to its students, ranging from Preschool to 12th grade. We are a diverse group of people, passionate about serving our individual students and helping them grow to be their very best selves, and we're confident that each will find his or her "home" quickly within our community!

Our faculty and Admission Office team love welcoming prospective students and their families on-campus to experience the energy and excitement of our school. The admission process should be engaging and intriguing, and we welcome your questions, understanding full well that choosing the right education for your child is one of the biggest decisions you will make as a parent. We can't wait to connect with you at one — or many — of our diverse range of visit opportunities listed below.

SERIES DESCRIPTIONS

"Experience the Academy" Series (Multi-divisional Admission Event x4) –

This is a NEW series of multi-divisional recruiting events that will showcase the Academy's Preschool-to-12th-grade community connections AND our student "products" (writing, artwork, performance, presentation skills, etc.). These events will feature our existing marquis internal programming with the addition of a short admission (30 minutes) component before each event starts. Attendance at one Experience the Academy or Open Door series event is required as part of the admission process; candidates are invited to attend as many events as they choose.

"Open Door" Open House Series (Division-specific Admission Events x4) –

This is a re-branded series of events that will follow the format of our successful small-session, division-specific experiential Open Houses of the past. These events will happen primarily during the school day, where families can see the school (students and teachers) in action. Attendance at one Experience the Academy or Open Door series event is required as part of the admission process; candidates are invited to attend as many events as they choose.
