Harrisburg Academy Students Advance to State PJAS Competition

WORMLEYSBURG, PA – Harrisburg Academy is pleased to announce that seven students will advance in the Pennsylvania Junior Academy of Science (PJAS) competition. PJAS works to promote participation and interest in math and science at the middle and high school level.

Congratulations to Praneeta B. '21, Willow D. '22, Adele H. '22, Zoe M. '22, Alex S. '22, Dalia S. '20, and Alec W. '19 (not pictured) for securing First Place awards and advancing to the state competition at Penn State University in May. Additionally, we congratulate Annelise K. '21, Amy L. '18, and Rebecca S. '22 on Second Place awards and Devin D. '19 on a Third Place award.

Harrisburg Academy begins teaching lab science in Junior Kindergarten. Participation in science fair projects begins at the middle school level and continues as an option at the high school level. The Academy's Centers for Experiential Learning & Innovation program allows Upper School students to have dedicated lab time and faculty mentoring to continue these exceptional lab science opportunities.

Established in 1784, Harrisburg Academy is the 17th oldest non-public school in the nation and Harrisburg's only independent school. Our coed, diverse school community inspires students from age three through 12th grade by providing an academically challenging and globally minded liberal arts education focused on dynamic classroom experiences, strong student outcomes, and a commitment to character development. The Academy proudly stands as the first school in the greater Harrisburg area to offer the International Baccalaureate Diploma Program and merit scholarship.
