

## 2019-20 Middle School Sports Program Update

Beginning with the 2019-20 school year, we will be moving Middle School Girls' Soccer to the spring 2020 season. This is due to the majority of our opponents moving their middle school girls' soccer programs to the spring. In order to balance the sports program, the athletics department will offer Spartan Running club (5th-8th grade) for fall 2019 season. At the completion of the Spartan Runners spring 2019 season, we will change the name of the club to co-ed Cross Country (5th-8th grade) for the fall season. The team will be interscholastic, meaning it will be participating in competitive meets versus other schools in fall 2019 season. Middle School Boys' Soccer will continue to be played in the fall. Thank you for your support of our athletic programs.

Sincerely,

Harrisburg Academy Athletic Department
